

Hanover® RockCurb® | COLORS

RockCurb® is stocked in Limestone Gray with a Tudor® finish but can be produced in any of the colors shown. The colors shown are a small sampling of the colors Hanover® can provide. Custom color and aggregate blending is Hanover's specialty. Texture is as important to the appearance of the installation as color and pattern. Hanover's Tudor® Finish adds a weathered or sandblasted appearance lightly exposing the aggregates, while Hanover's Ground Finish provides a smooth surface, more clearly revealing the aggregates.

Prest® Pavers and Prest® Brick are also available in the same colors providing the opportunity to blend or contrast the curb with the project's hardscape or landscape.

RockCurb® with Tudor® Finish

Limestone Gray - Stocked

Yellow

Natural

Matrix #1458

Matrix #1064

Matrix #115

Matrix #1171

Matrix #1119

Matrix #1151

Matrix #1856

Glacier White

PLEASE NOTE: Additional custom blending is available on special order when quantities permit. The color photos shown were prepared with great concern for accuracy. However, it is suggested that actual samples be requested before specifying. Due to the natural variance of the raw materials used, products can be expected to differ slightly from sample to actual product. It is recommended that the products be cleaned after the installation is finished. Contact our representatives for product suggestions.
